ELECTION RETURNS.

The result of the elections held in eleven of the states last Tuesday are as follows:

Tammany carries New York and Brooklyn, electing Geo. B. McClellan mayor by 61,414 majority.

Ohio elects the Republican nominee for governor by 125,000 majority.

Massachusetts elects the Republican nominee for governor by 35,818 majority.

Iowa re-elected Gov. Cummins on the Republican ticket with over 80,000 plurality.

Nebraska goes Republican by about 10,000 plurality.

Colorado goes Republican with about 7,000 plurality.

Pennsylvania goes Republican by 217,784 plurality.

New Jersey goes Republican and has both houses of legislature.

Rhode Island elects an entire Republican ticket excepting the governor which was Democratic with very small majority.

Maryland elected a Democratic governor with 9,000 majority.

Kentucky, Virginia and Mississippi went Democratic.

Circuit court convenes in this city next Monday.

Miss Stella McCarty is visiting Miss Mollie Golden of St. Louis.

The Wabash railroad will sell excursion rate tickets to St. Louis Saturday and Sunday.

Mrs. J. S. Sommers and daughter Dakota, are visiting with Tom Witts and family of Jonesburg.

G. R. McVey and family have gone to Sedalia in response to a telegram announcing the sudden illness of Mr. McVey's mother.

A. F. Horton and Miss Carrie Smith, daughter of J. P. Smith of near High Hill were married at the home of the bride last Thursday evening.

Women Avoid Africa.

There are few women missionaries in Africa because of the deadly nature of the climate and the social conditions of vast territories there.

Millionaire's Poor Stomach.

The worn-out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Greene's August Flower, which has been a favorite household remedy for all stomach troubles for over thirty-five years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles, 25c; regular size, 75c. At all druggists. G. G. GREEN, Woodbury, N. J.

School Notes.

Rank of rooms based on per cent of attendance and punctuality for the month:

ROOM.	TEACHER.	ATT.	PUNC.	Avg.	RANK.
1	Mrs. McCane	98.4	98.4	98.4	1
2	Chas. Arnold	97.7	98.9	98.3	2
3	W. F. Hupe	97.5	98.7	98.1	3
4	Miss Hains	97	100	98.5	4
5	U. C. Collett	96.8	100	98.4	5
6	Miss White	96.8	100	97.9	6
7	Mrs. Jordan	95.9	98.9	97.9	7
8	Miss Martin	94.3	98.9	97.1	8
9	Miss Knoffler	94.3	98.5	96.9	9
10	Miss Ferguson	91.1	98.7	95.4	10

The wise man has no time for repining over the past and irrevocable but bravely performs the duties of the hour. May we say to those pupils who have realized by the quarterly reviews that they have not yet put forth their best efforts, "Wise! Improve the present it is yours."

If nature can at any time inspire the student to do his best certainly it favors him now. No doubt that the pupils of number 7 who, through the kindness of Mr. Hupe, were given a pleasant day in the woods last Saturday are more keenly alive to the beauties around them and will take a renewed interest in the study of nature in the class room.

Several pupils have re-entered during the past week and we trust that the attendance will continue to improve.

We have had a few visitors during the week. We should be pleased to see others who are interested in the welfare of the boys and girls. Do not wait for the day of society work. You are welcome at all hours, and no doubt you will find as much to interest you in the class work as in a literary program which is primarily for the training of the student and not essentially for entertainment. Visit us often.

Yours respectfully,

DORA E. HAMS.

Wm. Clark & Co report the following real estate sales:

Sold for R. S. Brookings 280 acre farm to Gerbert Bros. Price \$9500.

Sold for Mrs. Lucy Barker, residence, property in city to Dr. E. W. Tinsley. Price \$1,300.00.

Sold for Mrs. Wm. Reagan, residence property in city to J. M. Powell. Price \$375.00.

Sold for Mrs. Rose L. Ammermann, 120 acres to Charles Stehm. Price \$1,200.00.

Prize Corn.

W. L. Hight will again offer premiums for the best dozen ears of corn exhibited at this place between now and Dec. 1. For the best dozen ears, he will give a gallon of Brook Hill whiskey, the finest made. For the second best, he will give a half-gallon of Brook Hill whiskey, and for the third best, a box of 10 cent cigars. Save your best ears of corn and compete for these prizes. The contest closes Dec. 1. The corn he receives in this contest with that he received last year will be sent with Montgomery county's exhibit to the World's Fair.

France Has a New Coin.

France has a new coin made of nickel, called a nickel, like the American piece and of the same value—25 centimes, or five cents. It was designed by Auguste Patey. On one side its value is marked, the date 1903 and the inscription "Liberte, Equality, Fraternity," on the other is a woman's head, wreathed in laurel, representing the French republic.

A TEXAS WONDER.

Hall's Great Discovery. One small bottle of Hall's Great Discovery cures all kidney and bladder troubles, removes gravel, cures diabetes seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist will be sent by mail on receipt of \$1. One small bottle is two months' treatment and will cure any case above mentioned. Dr. E. W. Hall, sole manufacturer, P. O. Box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists. U. H. OWING.

READ THIS.

Mexico, Mo., Sept. 19 1901. This is to certify that I have been cured of kidney and bladder trouble by the use of the Texas Wonder, Hall's Great Discovery. I can cheerfully recommend it to any one suffering from that disease. Yours truly, U. H. OWING.

YOU WON'T KICK IF YOU

TO ACCLIMATE NEW PLANTS.

Department of Agriculture Has Collected Specimens from Africa, Italy, Sicily and Egypt.

Barbour Lothrop of Chicago, who offered four years ago to lend his fortunes and his services to the government for the collection of useful and ornamental plants from all over the world and adapting them to the soil of this country, has returned to Washington from a trip around the continent of Africa. Mr. Lothrop took with him, at his expense, D. G. Fairchild of the department of agriculture, and together they have made a large collection of living specimens of plant life from distant part of the earth. It was through Mr. Fairchild's efforts that the Japanese bamboo was transplanted to the barren wastes of Arizona, and the alligator pear and mango were sent to Florida.

Many curious and useful vegetables, fruits and flowers will result from the trip of the two men. A visit to southern Italy, Sicily, Tunis and Egypt formed one interesting part of their expedition and yielded an unusually rich collection of the wonderful plants of these countries. A special trip was made along the German Africa coast to Durbin, and an overland trip was made for the purpose of investigating the agricultural conditions of the Transvaal.

It will be several years before the collections are sufficiently large for general distribution, as they first have to be adapted to certain localities, climate and soil conditions in various parts of the United States. This work is being carried on under the direction of the department of agriculture.

BIRTH RATE IN NEW YORK.

Number of Babies on Manhattan Island Now Estimated at Eleven an Hour.

There is consternation among the members of the New York board of education over the assertion in a report of Commissioner of Education Haupt, for the Sixth school district, that the average rate of increase in the number of babies in Manhattan has grown from five to 11 an hour, or to one baby about every five minutes.

These figures were furnished by Dr. Haupt as the result of an investigation which the board of education is carrying on to find out what preparation it must make to provide rooms which the babies of the present will need as the pupils of a few years hence.

Dr. Haupt states that he also finds that the death rate for children is falling from one-third to one-tenth, owing to measures for protecting babies from impure milk and unsanitary arrangements. He believes that in the main the increase is caused by the tremendous immigration to New York city.

Dr. Haupt asserts that babies are born at the rate of one every four minutes in the neighborhood of Houston street and about one a month in the Murray Hill residence section. These two quarters are the extremes of the social divisions.

Standard Milk.

According to the department of agriculture standard milk is milk containing not less than 3 1/4 per cent. of milk fat and 8 1/4 per cent. of solids not fat, and which has an acidity equivalent to not more than 2.10 per cent. of lactic acid.

Church Building for Sale.
At the Third Quarterly Conference of the Truxton Circuit M. E. Church, held at Pin Oak church, Saturday, Oct. 31, 1903, the following resolution was adopted:

On motion it was resolved as the sense of the quarterly conference that we build a new church at Bellflower, a station on the new C. B. & Q. Ry. in Montgomery county, Mo., and that the trustees of Union Chapel are hereby empowered to offer the old church building for sale for an amount equivalent to its value when utilized as building material in the new building, and if such sale is not consummated within thirty days, the trustees are hereby empowered to tear down the old building and use the material in the new building.

On motion the trustees of Union Chapel were elected trustees of the proposed new church property.

For further information, call on Geo. Keadle, Cort Steward, or J. S. Bishop.

Wm. F. Burris, P. E.

Of course it is incredible, but the rich really do have their troubles. George W. Vanderbilt recently had to pay a negro \$2,500 for a piece of land no bigger than a piece of pie, adjoining his estate, Baltimore, and it was not worth \$50. Another negro forced him to pay \$5,000 for five acres. Then he found that his superintendent had embezzled \$16,000; the country people began to complain that his industries at Baltimore were doing them an injustice, jurors became unfriendly, and, to cap it all, he had to pay \$1,000,000 to prevent the erection of a hotel against the windows of his Fifth Avenue home.

Ayer's

What are your friends saying about you? That your gray hair makes you look old? And yet, you are not forty! Postpone this looking old.

Hair Vigor

Use Ayer's Hair Vigor and restore to your gray hair all the deep, dark, rich color of early life. Then be satisfied.

"Ayer's Hair Vigor restored the natural color to my gray hair, and I am greatly pleased. It is all you claim for it." Mrs. E. J. VANDERBILT, Mechanicville, N. Y.

for Dark Hair
